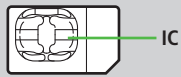
USIM Card

About USIM Card

Universal Subscriber Identity Module (USIM) Card is an IC card containing customer and authentication information, including handset number, and limited Phone Book entry and SMS message storage. USIM must be inserted to use handset or Network services (calling, messaging, Internet, etc.). Turn handset off before inserting/removing USIM Card.

USIM Card



- Insert USIM Card into other compatible SoftBank handset to use information saved on USIM Card.
- Use SoftBank specified USIM Card only; non-specified USIM Cards may not function properly.
- Do not insert USIM Card into other IC card devices. SoftBank is not liable for any resulting damages.
- Keep IC portion clean.
- Do not damage, carelessly touch or short-circuit IC chip; doing so may result in loss of data or malfunction.
- Remove dust/debris with a soft, dry cloth.
- Do not place labels, etc. on USIM Card; may cause failure.
- If handset is dropped/subjected to shock, handset may return to Standby. This is not a malfunction.
  If ***USIM not inserted After power-off Insert USIM*** appears, re-insert USIM Card properly then restart handset.

Important

- USIM Card is the property of SoftBank.
- Return USIM Card to SoftBank upon service cancellation.
- USIM Card will be reissued for a fee if lost or damaged.
- If USIM Card/handset with USIM Card inserted is lost or stolen, contact SoftBank Mobile Customer Center or Global Call Center (☞P.19-34).
- Back up USIM Card files. SoftBank is not liable for lost files.
- USIM Card specifications/performance may change without prior notice.
- Pre-installed S! Appli may be unusable while a different or replacement USIM Card is inserted into handset.
- Returned USIM Cards are recycled.

Note

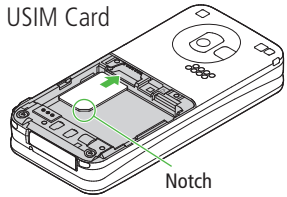
- Some downloaded files may be inaccessible after upgrades/repairs, USIM Card/handset replacement.

USIM Card Installation

● Remove battery (☞P.1-13) then follow steps below.

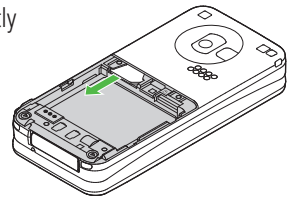
Inserting

1 With IC chip down, insert USIM Card



Removing

1 Slide out USIM Card gently



Note

- Do not force USIM Card into or out of handset; may damage handset/USIM Card.
- Be careful not to lose the removed USIM Card.
- Avoid touching USIM Card terminals or IC chip; doing so may hinder performance/USIM Card recognition.

USIM PINs

There are two USIM Card security codes: PIN & PIN2

- PIN and PIN2 are set to **9999** by default.
- PIN/PIN2 can be changed (☞P.12-3).

PIN	4 to 8-digit code used to prevent unauthorized handset use. ● When ***PIN Authentication*** is ***ON*** (☞P.12-2), PIN entry is required each time handset is turned on (with USIM Card inserted).
PIN2	Required to clear call times/costs or set maximum cost (☞P.18-9).

PIN Lock & Cancellation (PUK/PUK2)

PIN Lock or PIN2 Lock is activated if PIN or PIN2 is incorrectly entered three times. Cancel PIN Lock or PIN2 Lock by entering the PIN Unblocking Key (PUK/PUK2) (☞P.12-3).

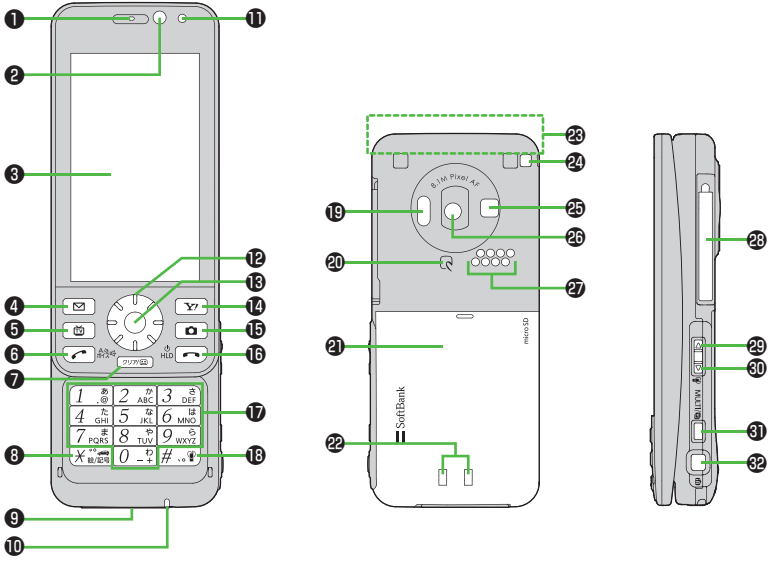
- For information on PUK/PUK2, contact SoftBank Mobile Customer Center, General Information (☞P.19-34).

Note

- If PUK/PUK2 is incorrectly entered ten times, USIM Card is locked and handset is disabled. Write down PUK/PUK2.
- For procedures required to unlock USIM Card, contact SoftBank Mobile Customer Center, General Information (☞P.19-34).

Parts & Functions

Handset



Using Earphone/Microphone or Video Output Cable

Connect following accessories (A) and (B) to External Port.

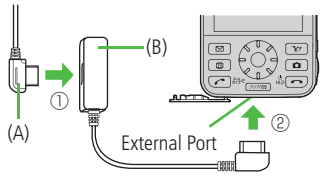
(A) Earphone/microphone or video output cable

(B) Stereo Earphone Conversion Cable

<Operation>

① Connect flat plug (A) to flat terminal (B)

② Connect plug (B) to External Port



- Do not press answer button on earphone/microphone when connecting. Doing so may cause earphone/microphone to malfunction. In that case, pull out earphone/microphone, and connect again.

❶ **Earpiece**

❷ **Inside Camera**
- Use during Video Calls
- Capture a self-portrait

❸ **Display**

❹ **Mail Key**
- Open Messaging menu
- Execute Upper Left Softkey function (☞P.viii)

❺ **TV Key**
- Activate TV
- Execute Lower Left Softkey function (☞P.viii)

❻ **Send Key**
- Initiate or answer calls
- Toggle upper/lower case in text entry windows
- Use Voice Dial

❼ **Clear/Memo Key**
- Delete characters
- Cancel menus
- Use Answer Phone

❽ **✳/Pictograph/Symbol/Driving Mode Key**
- Enter "✳"
- Access pictographs in text entry windows
- Access symbol list from pictograph list
- Toggle Driving Mode

❾ **External Port**
- Connect AC Charger (sold separately), Stereo Earphone Conversion Cable (not included) or other accessories here

❿ **Microphone**

⓫ **Light Sensor**
- Detects ambient light

⓬ **Speed Selector**
- Move cursor or select menus (☞P.viii)

⓭ **Notification Light/Charging Indicator**
- Flashes for incoming transmissions
- Lights for charging

⓮ **Yahoo! Keitai Key**
- Open Yahoo! Keitai Main Menu
- Execute Upper Right Softkey function (☞P.viii)

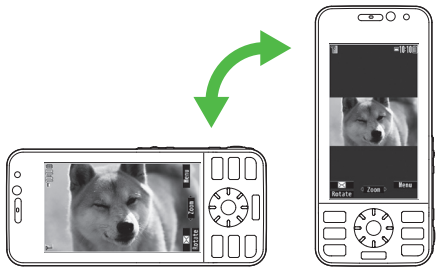
Motion Control

Change handset orientation to switch Portrait/Landscape View.

Use Motion Control in These Windows

- Still images/videos/PC movies
- Digital TV
- PC Site Browser
- Yahoo! Keitai (default setting: OFF)

etc



Note

- Motion Control may not function depending on handset orientation.
- For still images, Motion Control remains active even when handset is turned 90°clockwise or 180°.

Tip

Settings

- Disable All Motion Control Settings
- Customize Motion Control Settings per Function (☞P.18-6)

About Battery

Before Charging

Charge battery before use or after a period of disuse (AC Charger sold separately).

Charging Time & Operating Time Estimates

		3G	GSM
Charging Time		130 minutes*	
Standby Time		640 hours*	370 hours*
Talk Time	**Voice Call**	220 minutes*	230 minutes*
	Video Call	120 minutes*	–

* Approximate value

- 3G Mode/GSM Mode: ☞P.2-11
- Charging time is an average measured within temperatures of 5°C to 35°C.
- Talk Time is an average measured with a new, fully charged battery, with stable signals.
- Standby Time is an average measured with a new, fully charged battery, with handset closed without calls or operations, in Standby with stable signals.
- Talk Time and Standby Time may vary by environment (battery status, temperature, etc.).

About Battery

- Clean handset, battery & charger with dry cotton swab.
- Replace battery if operating time shortens noticeably.
- Charge battery at least once every six months.
- Use a case when carrying battery separately.

Charging

- Battery must be installed to charge it.
- It may take longer for charging when handset is on.
- Move charger away from TV/radio if interference occurs.

Battery Time

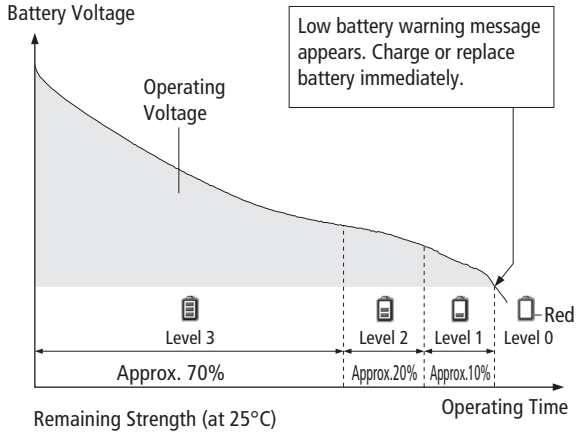
- Using handset in poor conditions may shorten battery time.
  - Extreme temperatures
  - Impaired handset, battery or Charging Terminals
  - Signal is weak/handset is out-of-range
  - Handset is left mid-operation (not in Standby)
  - Viewing TV, playing music or using S! Appli, etc.
- Extending battery time
  Example:
  - Turn Back Light Time ***OFF*** (☞P.18-5)
  - Select ***OFF*** for Key Tone (☞P.18-3)

When Battery Runs Out

- **Unless a Call is in Progress**
  A message appears and warning tone sounds for 10 seconds.
  Handset power turns off automatically after one minute; press any key except ▲▼ or ▢(iA) to cancel warning tone manually. Charge or replace battery.
  - If Manner Mode is active, nothing sounds.
- **During a Call**
  A message appears and warning tone sounds via Earpiece or Speaker.
  After 20 seconds, call ends and handset shuts down in one minute.
  Charge or replace battery.

Battery Strength Indicator

- Battery Strength indicator changes as remaining usage time decreases. Charge or replace battery when battery level is low (☞P.1-9) or a message appears on Display.



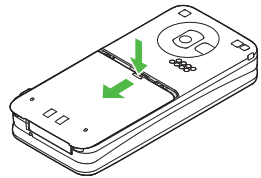
Note

- Alternatively, check battery level from **Main Menu** ▶ **Settings** ▶ **Phone Settings** ▶ **Battery** ▶ **Battery Level**

Battery Installation

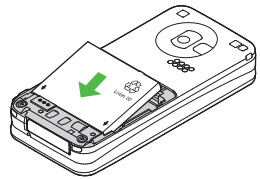
- Always turn off handset power before removing battery.

1 Press and slide to remove cover



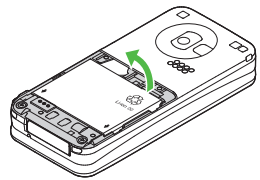
2 Insert Battery

Align battery contacts with handset pins.



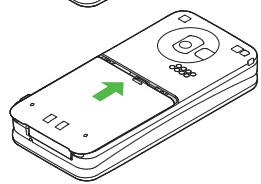
Remove Battery

Lift battery out as shown.



3 Replace battery cover

Cover should click into place.



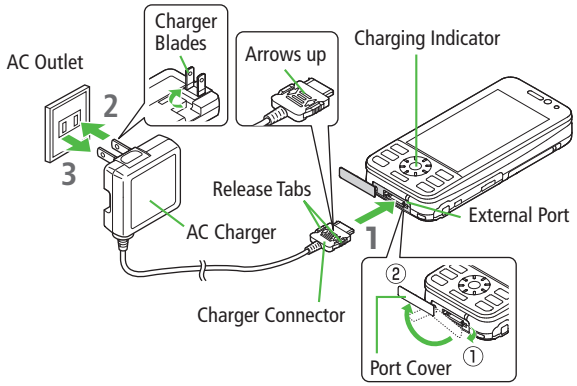
Note

- Lithium-ion batteries are valuable and recyclable resources.
  - Recycle used lithium-ion battery at a shop displaying the symbol shown to the right.
  - To avoid fire or electric shock, do not:
    - Short-circuit battery
    - Disassemble battery

Charging Battery

Use only specified AC Charger (sold separately).

Charging Time: Approximately 130 minutes



1 Connect AC Charger to handset

Insert Charger Connector (printed side up) into External Port.

2 Plug AC Charger into AC Outlet

Extend Charger Blades.
Charging Indicator illuminates and charging starts.
When charging is complete, Charging Indicator goes out.

- When Charging Indicator flashes, remove AC Charger and battery from handset then attach them again.
- Charge Sound is heard when charging starts/ends.
  When handset is turned off or in Manner Mode, nothing sounds.

3 When charging is complete, unplug AC Charger, then disconnect handset

Squeeze Release Tabs to remove Charger Connector, and replace Port Cover.

Note

- For details, read AC Charger instructions.
- Alternatively, charge battery by using Desktop Holder (not included).

Tip

●Charging Start/End Tone Off (☞P.18-3)

Handset Power On/Off

1 Press and hold ⏻

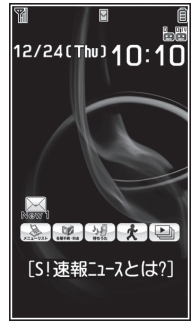
Start-up window appears and handset enters Standby.

- Enter PIN if PIN Authentication is ON (☞P.12-2).

2 Press ⏻ for 2+ seconds

Handset shuts down.

- Do not turn on handset immediately after turning off. Wait a few seconds.



Standby

Initial Setup

The first time handset powers up and Initial setting window appears, select ***YES*** and set the following: (Each item can be set separately.)

Date & Time* (☞P.18-8)	Set date and time
Phone Password (☞P.12-2)	Enter **9999**, and enter new Phone Password (4-8 digits)
Key Tone (☞P.18-3)	Select ***ON*** or ***OFF***
Speed Selector Sound (☞P.18-6)	Select a pattern or ***OFF***
Font Size (☞P.18-6)	Set Display font size all at once
Keyguard (☞P.12-4)	Select ***ON*** or ***OFF***

* May be automatically set

View Information Messages

At time of purchase, information message is provided for your convenience.

- ◉ to highlight an Event Indicator (☞P.1-22), then press ●
- ✉ → ***Incoming Mail*** → ***Received*** → Select a message

Widget appears in Standby after information message is viewed.

Note

- If ***USIM not inserted After power-off Insert USIM*** appears, clean and properly re-insert USIM Card then restart handset.
- After a period of inactivity, Display turns off.

Retrieving Network Information

When ●, ✉ or Y! is pressed for the first time in Standby, handset initiates Network Information retrieval; ● to retrieve it.

- Update Network Information to use messaging, Internet, etc.
- Update Network Information manually: **Main Menu ▶ Settings ▶ Connectivity ▶ Retrieve NW Info ▶ YES**

Keyguard

Activate Keyguard by pressing and holding ⊙ in Standby to avoid key operation error while carrying handset. Open handset to cancel Keyguard temporarily.

- 🔒 appears when Keyguard is set.
- To cancel Keyguard, repeat operation.
- To avoid canceling Keyguard even when opening handset: (Keyguard: ☞P.12-4)

Tip

Settings ●Change Wallpaper ●Add Calendar to Wallpaper ●Change Wallpaper Randomly (☞P.18-3) ●Change Start-up Window (☞P.18-4)

Manner Mode

Minding Mobile Manners

Please use your handset responsibly. Use these basic tips as a guide. Inappropriate handset use can be both dangerous and bothersome. Please take care not to disturb others when using your handset. Adjust handset use according to your surroundings.

- Turn it off in theaters, museums and other places where silence is the norm.
- Refrain from use in restaurants, lobbies, elevators, etc.
- Observe signs and instructions regarding handset use aboard trains, etc.
- Refrain from use that interrupts the flow of pedestrian or vehicle traffic.

Manner-related Features

Manner Mode (☞P.1-17)	Press Manner key to mute handset tones and activate vibration for incoming transmissions.
Vibration Mode (☞P.18-2)	Activate in public places, meetings, etc. for silent call/message alerts.
Ringer Volume (☞P.18-2)	Mute call/message tones.
Offline Mode (☞P.1-17)	Suspend all handset transmissions.
Answer Phone (☞P.2-15)	Use to handle incoming calls when inappropriate/ unsafe to answer.
Driving Mode (☞P.1-17)	While driving, send a voice message informing the caller that you cannot answer the call (Handset does not ring.).

Activating Manner Mode

Press one key to mute handset tones and activate vibration for incoming transmissions.

- Manner Mode settings can be changed (☞P.18-7).
- When Manner Mode is active, appears.

1 In Standby, press and hold (#)

- To cancel: Press and hold (#) again
- To activate/cancel while handset is closed: Press and hold ▼

Note

- Shutter click and incoming tone via Earphone (***Level 1***) sound even in Manner Mode.
- When Music Player or Digital TV activates in Manner Mode, confirmation appears asking whether to cancel Manner Mode.
- When ***Prefer manner mode*** is ***OFF*** (☞P.13-7), Alarm sounds even if Manner Mode is active.

Tip

Settings ●Set Manner Mode Type (☞P.18-7)

Activating Offline Mode

Temporarily suspend all handset transmissions; when active, all calls/messages and incoming information are blocked.

- When Offline Mode is active, appears.

Main Menu ▶ Settings ▶ Call Settings ▶ Offline Mode

1 ***YES***

- To cancel: Follow the same steps.

Note

- Offline Mode disables Bluetooth®/Infrared/IC transmissions. Bluetooth® handsfree devices cannot be used either.

Activating Driving Mode

Handset does not ring for incoming calls. Voice guidance informs the caller you are unavailable and handset records voice/video messages.

- When Driving Mode is active, appears.

1 In Standby, press and hold (✳)

- To cancel: Press and hold (✳) again

Note

- When Answer Phone memory is full, incoming calls are rejected.
- Check ringtone when earphone/microphone is connected.

Passwords

Phone Password, Center Access Code and Security Code are needed for handset use.

Phone Password

<Default> 9999

4 to 8-digit number required to use/change some handset functions.

- Enter number within 15 seconds.
- _ appears for each digit entered.
- Phone Password can be changed on handset (☞P.12-2).

Center Access Code

4-digit number specified at initial subscription; required to access Voice Mail via landlines or subscribe to fee-based information.

- Do not attempt to change Center Access Code. For details, contact SoftBank Mobile Customer Center, General Information (☞P.19-34).

Security Code

4-digit number specified at initial subscription, required to restrict handset services (☞P.2-21).

- Enter number within 15 seconds.
- If entered incorrectly three times, Security Code settings lock; Security Code & Center Access Code must be changed. Reach SoftBank Mobile Customer Center, General Information (☞P.19-34) for details.
- Security Code can be changed on handset (☞P.2-21).

Note

- Write down Phone Password, Center Access Code and Security Code. Do not reveal Phone Password, Center Access Code and Security Code. SoftBank is not liable for misuse or damages.
- For details, contact SoftBank Mobile Customer Center, General Information (☞P.19-34).

Multi Task

Activate up to three functions from four different groups at the same time.

Group	Function
❶ **Messaging Group**	Messaging
❷ **Yahoo! Keitai/ S! Appli Group**	Yahoo! Keitai/S! Appli/News/Entertainment
❸ **Tools Group**	Music Player*/Camera/Tools/Data Folder/TV/ Phone/Mobile Widget
❹ **Settings Group**	Settings

* Functions other than Tools Group may be included.

- [▼] appears above the icons of an active group.
- ▭ appears for single function in use; ▭ for multiple functions in use.

Tip

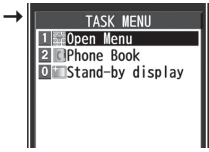
●Other Functions while Watching TV (☞P.5-8)

●Using Other Functions while Listening to Music (Play Background) (☞P.9-7)

Activating Another Function

Activate another function from a different group. Multi Task is unavailable when Simple menu is active.

1 ▭(MULTI/Ⓜ) → ***Open Menu*** → Select a function



TASK MENU Window

Note

- If another function is selected from same group, confirmation appears. Select ***YES*** to cancel current function and start a new function.

Ending Current Functions

1 ☎

End All Active Functions

> ▭(MULTI/Ⓜ) → Ⓨ![END] → ***YES***

View Blind

Activate View Blind to protect Display from prying eyes.

Main Menu ▶ Settings ▶ Display Settings ▶ View Blind

1 *ON*

2 Select a level

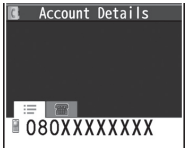
- Set level 1-3 (Level 3 is the highest level).

Note

- Alternatively, press and hold 8 to activate/cancel. Previously selected level takes priority.
- View Blind cannot be activated: While in Standby; while S! Appli is active; while Privacy Key Lock is active; during All Reset; when phone number is being entered

My Number

Confirm handset phone number in Account Details (☞P.4-12). Also confirm data saved in Account Details: name, mail address, etc.

1 In Standby, ● → 0


Account Details appears.
