S! Applications

11-1

Using S! Applications

Try out the preloaded S! Applications or
download and use 931SH-compatible
S! Applications, including games.
Refer to the S! Application's help menu or
the source Internet site, etc. for
operational instructions.

Remote Control

- Use *Familink Remote* S! Application
  (Japanese) to control a TV, VCR, etc. via
  infrared.

❶ *MENU* or ● ➡ *S! Appli*
❷ *S! Appli Library*

S! Appli Library

❸ **Select application**

Network S! Applications

- A message appears indicating that
  Internet connection is required. Follow
  onscreen instructions.

Incoming Calls

- Incoming calls automatically pause
  S! Application.

Opening S! Appli Notification History
  In ❷, *Notification History*

Exiting S! Applications

❶ 🕾

❷ *End*

Pausing S! Applications
  In ❷, *Suspend*
Resuming S! Applications
  MENU or ● ➡ *Resume*
- Select *Cancel* to open Main Menu and
  keep the S! Application paused.
- Select *End* to end the S! Application.

S! Applications

Cannot move S! Applications to Memory Card

- The S! Application may already be saved or Memory Card memory may be low.

S! Applications do not pause for incoming transmissions despite *Calls & Alarms* settings

- Regardless of setting, a message appears for Screensaver S! Applications.
