Security Code

PIN

Personal Identification Number (PIN) is USIM Card security code. Change PIN, or activate/cancel PIN Authentication to control USIM Card access.

Default: PIN Authentication is off/PIN is "9999"

PIN Authentication

Activate or cancel PIN Authentication. When active, PIN entry is required for modem use.

 In Main Screen, click I → "Security" → Check/Uncheck Box → "Apply." PIN entry window appears. Enter new PIN, and click "OK."

urn on PIN code	Turn off PIN code
Old PIN:	Old PIN:
••••	••••
You only have 3 time(s) left!!!	You only have 3 time(s) left!!!
OK Cancel	OK Cancel

Changing PIN

- In Main Screen, click → Click "Security" → Click "Revise PIN" (checked)
- If "Security" window appears, enter current PIN and new PIN
- 3 Enter new PIN again
- 4 Click "OK" to complete change
- Set four- to eight-digit number as PIN. Default: 9999

Entering PIN

If PIN Authentication is active, PIN entry is required for modem use.

- Insert modem USB plug into PC USB port, and activate SoftBank 004Z Utility for PIN entry window
- 2 Enter PIN correctly
- 3 Click "OK" for authentication

Security	×
Old PIN:	
••••	
New PIN:	
••••	
Repeat New PIN:	
••••	
You only have 3 time(s) left!!!	
OK Cancel	

Please input PIN:

You only have 3 time(s) left!!!

Cancel

OK

....

Unlocking PIN

- If USIM Card is locked, PUK Code entry window appears
- 2 Enter PUK Code correctly
- 3 Set new PIN
- 4 Enter new PIN again
- 5 Click "OK" to complete change

Security	
PUK:	
•••••	
New PIN:	
••••	
Repeat New PIN:	
You only have 10 time(s) left!!!	
Cancel	

 Incorrectly entering PIN three consecutive times activates PIN Lock. PUK Code is required to unlock it. Entering PUK Code ten consecutive times locks modem completely. If modem is completely locked, predefined procedures are required. Contact SoftBank Mobile Customer Center, General Information (P.7-3).

System Settings

- 🚹 In Main Screen, click 🔯
- 2 Click "System" to select "Startup"/"Auto connect"
 - If "Auto connect" is checked, connection starts automatically.

Settings		ł
Connection	Startup
