Getting Started

Package Contents

☐ **Handset (103P)**
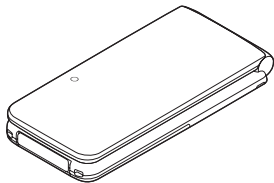

☐ **Battery (PMBAS1)**
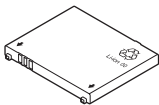

☐ クイックスタート **(Japanese)**
☐ お願いとご注意 **(Japanese)**
☐ 保証書 **(Japanese)**

Note
- Use SoftBank Mobile specified AC Charger (sold separately) to charge Battery.
- For more information about AC Charger and accessories, please contact SoftBank Customer Support, General Information (☞P.9-21).
- 103P accepts microSD or microSDHC Card (not included). Purchase one to use related functions (☞P.1-5, P.9-1).

Using This Guide

Before reading on, please make note of the following:

- SoftBank 103P is referred to as "handset" or "103P."
- "microSD Card" and "microSDHC Card" are referred to as "microSD Card."
- Screenshots, etc. are for reference. Actual handset windows, menus, etc. may differ.
- Key icons are simplified.
- Most operation descriptions begin in Standby.
- Pressing a Key for more than one second is described as "Press and Hold."

Guide Symbols

### Softkeys

Press the corresponding Key to execute the function or operation indicated at the bottom of Display.

Example:
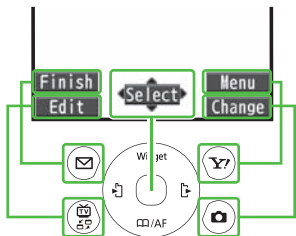

Multi Selector

Use Multi Selector to select items, navigate menus, etc. In this guide, Multi Selector operations are indicated as shown below.

⊙**Down**		
⊙**Left**	⊙**Left/Right**	⊙**Center**
⊙**Right**		

Japanese Functions & Services

When "(Japanese)" appears in a title, Japanese ability is required to use full range of the function or service.

USIM Card Installation

● Always power off handset before removing Battery.
● USIM PINs: ☞P.1-13

Inserting

1 With IC chip down, insert USIM Card

Notch

Removing

1 Slide out USIM Card gently

Important
● USIM Card is the property of SoftBank Mobile.
● Return USIM Card to SoftBank Mobile upon service cancellation.
● USIM Card will be reissued for a fee if lost or damaged.
● If USIM Card/handset with USIM Card installed is lost or stolen, contact SoftBank Customer Support or SoftBank Mobile Global Call Center (☞P.9-21).
● Back up USIM Card files. SoftBank Mobile is not liable for lost files.
● USIM Card specifications/performance may change without prior notice.
● Pre-installed S! Appli may be unusable while a different or replacement USIM Card is installed.
● Some downloaded files may be inaccessible after upgrades/repairs, USIM Card/handset replacement.
● Returned USIM Cards are recycled.

Note
● Do not forcefully insert/remove USIM Card; may damage handset/USIM Card.
● Avoid touching USIM Card terminals or IC chip. Doing so may hinder performance/USIM Card recognition.
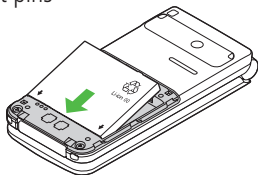

Charging Battery

Battery Installation

● Always power off handset before removing Battery.

1 Press and slide to remove Battery Cover

2 Insert Battery
Align Battery contacts with handset pins

Remove Battery
Lift Battery out

3 Replace Battery Cover
Battery Cover should click into place.

Note

● Lithium-ion batteries are valuable and recyclable resources.
  · Recycle used lithium-ion battery at shops displaying this symbol:
  · To avoid fire or electric shock, do not:
    - Short-circuit Battery
    - Disassemble Battery

Li-ion 00

Charging Battery

● Use only specified AC Charger (sold separately).

1 Connect AC Charger to handset

2 Extend Charger blades, and plug AC Charger into AC outlet

Notification Lamp illuminates and charging starts.
When charging is complete, Notification Lamp goes out.

3 When charging is complete, unplug AC Charger, then disconnect handset

Squeeze release tabs to remove Charger connector, and replace Port Cover.

microSD Card Installation

● Always power off handset before removing Battery.
● Handset Data Backup: 行P.9-1

Inserting

1 Insert microSD Card until it clicks
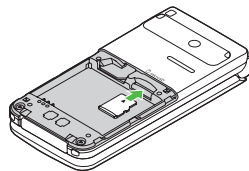

■ **Format microSD Card**
> **Main Menu** ▶ **Tools** ▶ **microSD Backup** ▶ **Refer Data** ▶ [Y][**Menu**]
 ▶ **microSD format** ▶ Enter Phone Password ▶ **YES**
● Formatting microSD Card deletes all saved files/data.
● Do not power off handset or remove microSD Card while formatting; may damage handset or microSD Card.

Removing

1 Push microSD Card in

● microSD Card pops out with a light push.

Handset Security

USIM PINs

PIN	4 to 8-digit code used to prevent unauthorized handset use. ● When PIN Authentication is **ON**, PIN entry is required each time handset is powered on (with USIM Card installed).
PIN2	Required for call cost setting.

● PIN and PIN2 are set to **9999** by default.

PIN Authentication

Main Menu ▶ **Settings** ▶ **Security** ▶ **PIN Authentication**

1 Enter Phone Password → **PIN Authentication** →
   ON or **OFF** → Enter PIN

PIN/PIN2 Lock & Cancellation (PUK/PUK2)

PIN Lock or PIN2 Lock is activated if PIN or PIN2 is incorrectly entered three times. Cancel PIN Lock or PIN2 Lock by entering PIN Unblocking Key (PUK/PUK2).

● For information about PUK/PUK2, contact SoftBank Customer Support, General Information (☞P.9-21).

Note
● If PUK/PUK2 is incorrectly entered ten times, USIM Card is locked and handset is disabled. Write down PUK/PUK2.
● For USIM Card recovery, contact SoftBank Customer Support, General Information (☞P.9-21).

Passwords

The following passwords are required for handset use.

Phone Password	4 to 8-digit number required to use/change some handset functions. (9999 by default.)
Center Access Code (Security Code)	4-digit number specified at initial subscription; required to access optional services via landlines, set Call Restrictions, subscribe to paid content.

● Enter number within 15 seconds. _ appears for each digit entered.
● Do not forget Phone Password/Center Access Code (Security Code). For password recovery, contact SoftBank Customer Support, General Information (☞P.9-21).
● Do not reveal Phone Password/Center Access Code (Security Code). SoftBank Mobile is not liable for misuse or damages.

Note
● If entered incorrectly, an error message appears. Reenter the password.
● If Center Access Code (Security Code) is entered incorrectly three times, Call Barring settings lock; Center Access Code (Security Code) must be changed. For details, contact SoftBank Customer Support, General Information (☞P.9-21).
● If Security Code has been changed on handset, enter the number to activate/cancel Call Barring.

■ **Change Phone Password**
> **Main Menu** ▶ **Settings** ▶ **Security** ▶ **Change Phone Password** ▶ Enter current Phone Password ▶ Enter new Phone Password ▶ **YES**

Mobile Manners

Minding Mobile Manners

Please use your handset responsibly. Inappropriate handset use can be both dangerous and bothersome.

● Power off handset in theaters, museums and other places where silence is the norm.
● Refrain from use in restaurants, lobbies, elevators, etc.
● Observe signs and instructions regarding handset use aboard trains, etc.
● Refrain from use that interrupts the flow of pedestrian or vehicle traffic.

■ Manner-related Features

|	
Manner Mode	Mute handset tones and activate Vibration for incoming transmissions.
Vibration	Activate in public places, meetings, etc. for silent call/message alerts.
Ringer Volume	Adjust call/message tones, etc.
Offline Mode	Suspend all handset transmissions.
Answer Phone	Use to handle incoming calls when inappropriate/unsafe to answer.
Driving Mode	While driving, send a voice message informing the caller that you cannot answer the call. (Handset does not ring.)

Manner Mode

1 In Standby, Press and Hold (#)

  appears.
 ● To cancel: Press and Hold (#) again

Offline Mode

Main Menu ▶ Settings ▶ Call Settings ▶ Offline Mode

1 *YES*

  appears.
 ● To cancel: Follow the same steps

Driving Mode

1 In Standby, Press and Hold (*)

  appears.
 ● To cancel: Press and Hold (*) again
