Battery & USIM Card Installation

Do not apply excessive force to Battery or USIM Card.
Inserting

USIM Card must be inserted to use handset.
1 Remove Battery Cover

Battery Cover

Notch

● Use notch to lift Battery Cover. Push up Battery Cover along edges to remove it.
2 Use tab to pull out USIM Tray

Tab

USIM Tray

3 Slide in USIM Card with metal contacts facing up
Notch

USIM Card

4 Secure USIM Tray

5 Insert Battery

② ①

● With logo side facing up, align Battery terminals with contacts.

6 Replace Battery Cover

Fit top into slot, then press firmly along edges

② ①

● If Battery Cover is not closed properly, debris may get trapped between gasket and base, or liquid/dust may enter.

Removing

Always power off first.

1 Remove Battery Cover

2 Remove Battery

● Lift Battery as shown.

3 Pull out USIM Tray

4 Lift and slide out USIM Card

● Secure USIM Tray, insert Battery and replace Battery Cover.
● Take care not to lose removed USIM Card.

After USIM Card Removal (Contract Termination, Handset Upgrade/ Replacement, Repairs, Etc.)

● Some files on handset and Memory Card may be inaccessible. Inserting another USIM Card may disable S! Appli and BookSurfing®.

About Battery

- Charge Battery at least once every six months; uncharged Battery may die or affect files/settings.
- Depending on usage, bulges may appear near end of battery life; this does not affect safety.
- Replace Battery if operating time shortens noticeably.
- Clean Battery terminals and charging terminals with a dry cotton swab, etc.
- To maintain water/dust resistance, close Battery Cover properly. Debris trapped between gasket and base may allow ingress of liquid/dust.
- If Battery Cover is damaged, replace it with a new one. Use of damaged Battery Cover may allow ingress of water, causing electric shock, battery corrosion, etc.
- Battery is not water or dust proof.

Lithium-ion Battery
- This product requires a lithium-ion battery. Lithium-ion batteries are recyclable.
  - To recycle a used lithium-ion battery, take it to any shop displaying the recycling symbol.
  - To avoid fire or electric shock, do not short-circuit or disassemble Battery.

Li-ion00

モバイル・リサイクル・ネットワーク

About USIM Card

USIM Card is an IC card containing customer and authentication information, including handset number. Save contacts on USIM Card Phone Book to use them on other SoftBank handsets. Depending on USIM Card in use, some entry items may not be supported, and some limits (character entry, etc.) may be lower.

Precautions
- Do not insert USIM Card into any other IC card device. SoftBank Mobile Corp. is not liable for resulting damages.
- Keep metal contacts clean; debris may cause malfunction. Clean with a soft dry cloth.
- Do not attach labels to USIM Card. Malfunction may result.

Important
- USIM Card is the property of SoftBank Mobile Corp.
- USIM Card will be reissued for a fee if lost or damaged, etc.
- Return USIM Card to SoftBank Mobile Corp. upon contract termination.
- Returned USIM Cards are recycled.
- USIM Card specifications may change without prior notice.
- Keep a copy of information saved on USIM Card in a separate place. SoftBank Mobile Corp. is not liable for loss of information.
- If USIM Card or handset (with USIM Card inserted) is lost or stolen, suspend service immediately. For details, contact SoftBank Customer Support, General Information (**P.9-1**).

USIM PIN

9999 by default; activate PIN Entry to restrict handset use.

PIN Lock
- Entering incorrect PIN three consecutive times activates PIN Lock, limiting handset use.

Canceling PIN Lock
- Contact SoftBank Customer Support, General Information (**P.9-1**) for your Personal Unblocking Key (PUK) and follow these steps:
  Enter PUK ➜ ● ➜ Enter new PIN ➜ ● ➜ Re-enter new PIN ➜ ●
  - Do not forget PUK; write it down if necessary.

PUK Lock
- Entering incorrect PUK ten consecutive times activates PUK Lock, disabling handset. For recovery, USIM Card must be reissued at a SoftBank Shop (fees apply).

Charging Battery (Desktop Holder)

Battery must be inserted in handset to charge it.

Charging Battery Outside Japan
● SoftBank Mobile Corp. is not liable for problems resulting from charging Battery abroad.
Important AC Charger Usage Note
● Retract blades after charging. Do not pull, bend or twist cord.

When Notification Lamp is Flashing
● Battery is unchargeable; may be defective or simply at the end of its life; replace it.

Use Desktop Holder with AC Charger ZTDAA1 (optional accessory).
● In this guide, ZTDAA1 is referred to as "AC Charger."
● **AC Charger and Desktop Holder are not water or dust proof. Do not charge Battery while handset is wet.**
● Handset/AC Charger may become warm while charging.

Connector Port
Release Tabs
Arrows Down
Notification Lamp
AC 100 V Outlet
Blades
AC Charger
Charger Terminal Lever
Charger Connector
Charger Terminals

1. **Insert Charger connector into Desktop Holder**
   ● Insert Charger connector in the correct orientation until it clicks.

2. **Extend blades and plug AC Charger into AC outlet**
3. **Place handset into Desktop Holder**
   ● Push down handset until it clicks into place.
   ● Notification Lamp illuminates red while charging.
   ● Notification Lamp goes out when Battery is full.

4. **Remove handset from Desktop Holder**

5. **Unplug AC Charger**

6. **Remove Charger connector from Desktop Holder**
   ● Squeeze release tabs and pull straight out.

Important Desktop Holder Usage Notes
● Do not subject to force/pressure.
● Do not attempt to open handset.
● Do not get Straps caught between handset and Desktop Holder.

Power On/Off

Power On

Described for initial power on.

1 ☎ **(Long Press)**
  ● After Power On Graphics, water/dust proofing information appears; follow these steps:
  ☎ ➡ ☎ ➡ ● ➡ ◌ ➡ ● ➡ **設定**

Using Touchscreen

Touch Display to select menu items, open functions, scroll pages, etc.

Basic Operations

Tap

Tap item or key to open or execute corresponding function/operation.

■ **Double Tap**
Tap Display twice in rapid succession (within approximately 0.6 seconds).

Touch & Hold

Touch item for 1+ seconds to move icon, open menu, etc.

Drag

Drag to move item or scribble/sketch.

Flick

Flick to scroll.

Pinch & Spread
Spread

Pinch

Pinch or Spread to zoom in or out on images, etc.

Important Touchscreen Usage Notes

- Touchscreen may not respond in these situations:
  - Use with gloves/long fingernails
  - Use of pens, pencils or sharp objects
  - Use with objects on/against Display
  - When Display is wet
- To prevent malfunctions, do not:
  - Touch Display with wet fingers
  - Use if Display is wet
  - Subject Display to force/pressure
  - Place labels or stickers over Display
- Calibrate Touchscreen (**P.1-14**) to improve response.

Usage Examples

Selection & Execution

Tap item to open or execute corresponding function/operation.

Tap *Data Folder*

- The result is the same as selecting an item with [✥] and Pressing [●].

■ **Two Taps**

When Tapping item only selects (highlights) it, Tap the item again to execute function/operation.

Tap *Music* twice

Music folder opens

Screen Scroll

For hidden items, Flick/Drag in opposite direction.
Flick right

Left portion appears

Security Codes

These codes are required for handset use. (Save Handset Code and Administrator Code beforehand.)

- Guide descriptions are given assuming that Handset Code and Administrator Code are saved.
- Do not forget Security Codes.
- Do not reveal Security Codes. SoftBank Mobile Corp. is not liable for misuse or damages.

Handset Code*	Use or change some functions.
Administrator Code*	Required for Reset Settings, Reset All, etc.
Center Access Code (Network Password)	Four-digit code in contract; change contract details, access Optional Services from landlines, or set Call Barring.

*Save/change on handset.

If Security Code is Unsaved
- Code setup message/window opens whenever Security Code is required.

Incorrect Code Entry
- Message appears for incorrect code entries; retry.
- Call Barring settings will be locked if incorrect Center Access Code (Network Password) is entered three times consecutively when making a setting. To unlock, the code must be changed.
  - If Network Password has been previously changed on a mobile phone, enter the latest code to set Call Barring.

Saving Handset Code

Enter four to eight digits.

1. ● ➡ *Settings* ➡ ● ➡ ◌ *Phone/*

2. *Locks* ➡ ●

Using Memory Card

About Memory Card

Use microSD/microSDHC Memory Card to save and organize files for use on handset.

- Use recommended Memory Cards only. For details, contact SoftBank Customer Support, General Information (**P.9-1**).
- **If Memory Card is inserted, captured photos, downloads and other files are saved to Memory Card. (My Pictograms and Graphic Mail templates are saved to handset.)**

Memory Card Cautions
- Do not force Memory Card into or out of handset.
- Keep Memory Card out of infants' reach; may cause choking if swallowed.
- Do not touch terminals or expose them to metal objects.
- SoftBank Mobile Corp. is not liable for any damages resulting from accidental loss/alteration of information. Keep a copy of contacts, etc. in a separate place.
- Never power off or remove Battery while files are being accessed.
- Be careful not to erase or overwrite files accidentally.

Memory Card Slot Location

Memory Card Slot is located above USIM Card Slot. Do not insert Memory Card into USIM Card Slot.

Top:
Memory Card Slot

Bottom:
USIM Card Slot
Inserting & Removing

Always power off first.

1 **Remove Battery (P.1-3)**

2 **Insert Memory Card**

Memory Card Slot

Terminals Down

● Insert Memory Card (terminals facing down) all the way until it clicks.
● Do not insert other objects.

**3** **Insert Battery, then replace Battery Cover (P.1-3)**

If 📵 Appears after Power On
● Memory Card may not be inserted properly; reinsert it.

Removing Memory Card
● Gently push in Memory Card and release it; Memory Card pops out. Carefully remove Memory Card without bending it.

Formatting Memory Card

When using a new Memory Card for the first time, format it on handset before trying to save files, etc. Formatting deletes all Memory Card files.

1 **● ➡ *Settings* ➡ ● ➡ ⊙ *Phone/⊞* ➡ *Memory Card* ➡ ●**

2 ***Format Card* ➡ ● ➡ *Yes* ➡ ●**

● Offline Mode activates; signal transmission and reception are suspended until formatting is complete.

3 ***Yes* ➡ ●**

● To cancel, choose *No* and Press ●.

Precaution
● Never power off or remove Battery while formatting; may damage Memory Card or handset.
