USIM Card

About USIM Card

Universal Subscriber Identity Module (USIM) Card is an IC card containing customer and authentication information, including handset number, and limited Phone Book entry and SMS message storage. USIM must be inserted to use 831P or Network services (calling, messaging, Internet, etc.). Turn handset off before inserting/removing USIM Card.

USIM Card

- Insert USIM Card into other compatible SoftBank handset to use information saved on USIM Card.
- Use SoftBank specified USIM Card only; non-specified USIM Cards may not function properly.
- Do not insert USIM Card into other IC card devices. SoftBank is not liable for any resulting damages.
- Keep IC portion clean.
- Do not damage, carelessly touch or short-circuit IC chip; doing so may result in loss of data or malfunction.
- Remove dust/debris with a soft, dry cloth.
- Do not place labels, etc. on USIM Card; may cause failure.
- If 831P is dropped/subjected to shock, 831P returns to Standby. This is not malfunction. If **Insert USIM** appears, re-insert USIM Card properly then restart 831P.

Important

- USIM Card is the property of SoftBank.
- Return USIM Card to SoftBank upon service cancellation.
- USIM Card will be reissued for a fee if lost or damaged.
- If USIM Card/831P with USIM Card inserted is lost or stolen, contact SoftBank Customer Center or Global Call Center (☎ P.16-32).
- Back up USIM Card files. SoftBank is not liable for lost files.
- USIM Card specifications/performance may change without prior notice.
- Pre-installed S! Appli (BookSurfing®, etc.) may be unusable while a different or replacement USIM Card is inserted into 831P.
- Returned USIM Cards are recycled.

Note

- Some downloaded files may be inaccessible after upgrades/repairs, USIM Card/handset replacement.

USIM Card Installation

- Remove battery (☞ P.1-13) then follow steps below.

Inserting

- 1 With IC chip down, insert USIM Card

Removing

- 1 Slide out USIM Card gently

Note

- Do not force USIM Card into or out of 831P; may damage handset/USIM Card.
- Be careful not to lose the removed USIM Card.
- Avoid touching USIM Card terminals or IC chip; doing so may hinder performance/USIM Card recognition.

USIM PINs

There are two USIM Card security codes: *PIN* & *PIN2*.

- PIN and PIN2 are set to 9999 by default.
- PIN/PIN2 can be changed (☞ P.10-3).

PIN	4 to 8-digit code used to prevent unauthorized handset use. ● When PIN Entry is <i>ON</i> (☞ P.10-2), PIN entry is required each time handset is turned on (with USIM Card inserted).
PIN2	Required to clear call costs or set maximum cost (☞ P.15-9).

PIN Lock & Cancellation (PUK/PUK2)

PIN Lock or PIN2 Lock is activated if PIN or PIN2 is incorrectly entered three times. Cancel PIN Lock or PIN2 Lock by entering the PIN Unblocking Key (PUK/PUK2) (☞ P.10-3).

- For information on PUK/PUK2, contact SoftBank Customer Center, General Information (☞ P.16-32).

Note

- If PUK/PUK2 is incorrectly entered ten times, USIM Card is locked and handset is disabled. Write down PUK/PUK2.
- For procedures required to unlock USIM Card, contact SoftBank Customer Center, General Information (☞ P.16-32).

Parts & Functions

Handset

Using Earphone/Microphone

Connect following accessories (A) and (B) to External Port.

- (A) Earphone/microphone
- (B) Stereo Earphone Conversion Cable

<Operation>

- ① Connect flat plug (A) to flat terminal (B)
- ② Connect plug (B) to External Port

- Do not press answer button on earphone/microphone when connecting. Doing so may cause earphone/microphone to malfunction. In that case, pull out earphone/microphone, and connect again.

1 Infrared Port

- Transfer data via Infrared

2 Earpiece**3 Main Display****4  Mail Key**

- Open Messaging menu
- Execute Left Softkey function ( P.ix)

5  Video Call/Input Mode/Drive Mode Key

- Initiate Video Call
- Toggle input mode in text entry windows
- Toggle Drive Mode

6  Clear/Memo Key

- Delete characters
- Cancel menus
- Open Answer Phone message list; Activate/cancel Answer Phone

About Battery

Before Charging

Charge battery before use or after a period of disuse (AC Charger sold separately).

Charging Time & Operating Time Estimates

		3G Mode	GSM Mode
Charging Time		130 minutes*	
Standby Time		370 hours*	280 hours*
Talk Time	Voice Call	180 minutes*	
	Video Call	100 minutes*	—

* Approximate value

- 3G Mode/GSM Mode:  P.2-8
- Charging time is an average measured within temperatures of 5°C to 35°C.
- Talk Time is an average measured with a new, fully charged battery, with stable signals.
- Standby Time is an average measured with a new, fully charged battery, without calls or operations, in Standby with stable signals.
- Talk Time and Standby Time may vary by environment (battery status, temperature, etc.).

About Battery

- Clean handset, battery & charger with dry cotton swab.
- Replace battery if operating time shortens noticeably.
- Charge battery at least once every six months.
- Use a case when carrying battery separately.
- Battery may swell as service life nears end; this is not a problem.

Charging

- Battery must be installed to charge it.
- It may take longer for charging when handset is on.
- Move charger away from TV/radio if interference occurs.

Battery Time

- Using handset in poor conditions may shorten battery time.
 - Extreme temperatures
 - Impaired handset, battery or Charging Terminals
 - Signal is weak/handset is out-of-range
 - 831P is left mid-operation (not in Standby)
 - Viewing TV, playing music or using S! Appli, etc.
- Extending battery time

Example:

 - Select shorter Main Display backlight time (☞ P.15-4); select **OFF** or shorter time for Keypad Backlight (☞ P.15-5).
 - Select **Silent** for Key Tone Volume (☞ P.15-3)

When Battery Runs Out

- Unless a Call is in Progress

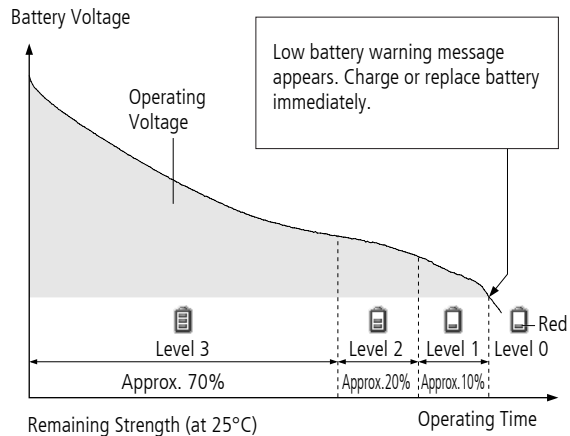

A message appears and warning tone sounds. Warning tone ends automatically after two minutes; press ,  or  to cancel warning tone manually. Charge or replace battery.

 - If Manner Mode is active/Warning Tone **Off**, nothing sounds.
 - When handset is closed, press  (Side Key) to cancel warning tone.
- During a Call

A message appears and warning tone sounds via Earpiece or Speaker. After 90 seconds, call ends and 831P shuts down in 30 seconds. Charge or replace battery.

Battery Strength Indicator

- Battery Strength indicator changes as remaining usage time decreases. Charge or replace battery when battery level is low (☞ P.1-9, P.1-10) or a message appears on Display.

Battery Installation

- Always turn off handset power before removing battery.

1 Press and slide to remove cover

2 Insert Battery

Align battery contacts with handset pins.

Remove Battery

Lift battery out as shown.

3 Replace battery cover

Cover should click into place.

Note

- When battery is removed just after changing handset settings, changes may not take effect.
- Lithium-ion batteries are valuable and recyclable resources.
 - Recycle used lithium-ion battery at a shop displaying the symbol shown to the right.
 - To avoid fire or electric shock, do not:
 - Short-circuit battery
 - Disassemble battery

Li-ion 00

Charging Battery

Use only specified AC Charger (sold separately).

Charging Time: Approximately 130 minutes

1 Connect AC Charger to handset

Insert Charger Connector (printed side up) into External Port.

2 Plug AC Charger into AC Outlet

Extend Charger Blades.

Charging Indicator illuminates and charging starts.

When charging is complete, Charging Indicator goes out.

3 When charging is complete, unplug AC Charger, then disconnect handset

Squeeze Release Tabs to remove Charger Connector, and replace Port Cover.

Note

- For details, read AC Charger instructions.
- Desktop Holder (not included) can be used for charging.

Handset Power On/Off

- 1 **Press and hold**  **for 3+ seconds**
Handset enters Standby.
 - Enter PIN if PIN Entry is On (👉 P.10-2)
- 2 **Press and hold**  **for 2+ seconds**
Handset shuts down.

Standby

- The First Time 831P Powers Up...**
Setup window appears; enter date and time.
Enter date → Enter time (24 hours)
Day of the week is set automatically.
- If unentered, **2009/01/01 00:00** is set by default.
 - To change date and time: 👉 P.15-7

Note

- Standby Display takes a few moments to appear.
- If **Insert USIM** appears, clean and properly re-insert USIM Card then restart 831P.
- After a period of inactivity, Display turns off.

Retrieving Network Information

- When , ,  or  is pressed for the first time, 831P initiates Network Information retrieval;  to retrieve it.
- Update Network Information to use messaging, Internet, etc.
 - Update Network Information manually: **Main Menu ▶ Connectivity ▶ Retrieve NW Info ▶ **

Manner Mode

Minding Mobile Manners

Please use your handset responsibly. Use these basic tips as a guide. Inappropriate handset use can be both dangerous and bothersome. Please take care not to disturb others when using your handset. Adjust handset use according to your surroundings.

- Turn it off in theaters, museums and other places where silence is the norm.
- Refrain from use in restaurants, lobbies, elevators, etc.
- Observe signs and instructions regarding handset use aboard trains, etc.
- Refrain from use that interrupts the flow of pedestrian or vehicle traffic.

Manner-related Features

Manner Mode (☞ Right)	Press Manner key to mute 831P tones and activate vibration for incoming transmissions.
Vibration Alert (☞ P. 15-2)	Activate in public places, meetings, etc. for silent call/message alerts.
Ringer Volume (☞ P. 15-2)	Mute call/message tones.
Emission OFF Mode (☞ P. 1-17)	Suspend all 831P transmission.
Answer Phone (☞ P. 2-12)	Use to handle incoming calls when inappropriate/unsafe to answer.
Drive Mode (☞ P. 1-17)	While driving, send a voice message informing the caller that you cannot answer the call. (Handset does not ring.)

Activating Manner Mode

Press one key to mute 831P tones, activate Answer Phone and vibration for incoming transmissions.

- Manner Mode settings can be changed (☞ P. 15-6).
- When Manner Mode is active,  appears.

1 In Standby, press and hold 

- To cancel: Press and hold  again
- To activate/cancel while handset is closed: Press and hold  [Side Key]

Note

- Shutter click, Auto Answer tone, and incoming tone via Earphone (**Volume 1**) sound even in Manner Mode.
- Media Player files are initially muted in Manner Mode; adjust volume in Playback window.
- When Alarm Priority is set to **Alarm prioritized** (☞ P. 11-6), Alarm sounds even if Manner Mode is active.

Tip

- **Settings** ● Set Manner Mode Type (☞ P. 15-6)

Activating Emission OFF Mode

Temporarily suspend all 831P transmissions; when active, all calls/messages and incoming information are blocked.

- When Emission OFF Mode is **ON**,  appears.

Main Menu ► Settings ► Call Settings
► Emission OFF Mode

1 **ON** or **OFF**

Note

- Emission OFF Mode disables Infrared transmissions.
- Emergency numbers (110, 119, 118) cannot be dialed.

Activating Drive Mode

Handset does not ring for incoming transmission. Voice guidance informs the caller you are unavailable and Answer Phone activates.

- When Drive Mode is active,  appears.

- In Standby, press and hold 
 - To cancel: Press and hold  again

Standby Options

Information Window

In Standby, Information window opens for missed calls, messages, Answer Phone messages, etc.

Passwords

Phone Password, Center Access Code and Call Barring Password are needed for handset use.

Phone Password

<Default> 9999

4-digit number required to use/change some handset functions.

- ✖ appears for each digit entered.
- Phone Password can be changed on 831P (☞ P.10-2).
- If Phone Password is incorrectly entered three times, warning message appears. Turn off handset and try again.

Center Access Code

4-digit number specified at initial subscription; required to access Voice Mail via landlines or subscribe to fee-based information.

- Do not attempt to change Center Access Code. For details, contact SoftBank Customer Center, General Information (☞ P.16-32).

Call Barring Password

4-digit number specified at initial subscription, required to restrict handset services (☞ P.2-18).

- If entered incorrectly three times, Call Barring settings lock; Call Barring Password & Center Access Code must be changed. Reach SoftBank Customer Center, General Information (☞ P.16-32) for details.
- Call Barring Password can be changed on 831P (☞ P.2-18).

Note

- Write down Phone Password, Center Access Code and Call Barring Password.
- Do not reveal Phone Password, Center Access Code and Call Barring Password. SoftBank is not liable for misuse or damages.
- For details, contact SoftBank Customer Center, General Information (☞ P.16-32).

View Blind

Activate **View Blind** to protect **Display** from prying eyes.

- Select from three levels (Highest protection: Level 3).

- 1 Press and hold  (Side key)
 - To cancel: Press and hold  (Side key) again

Changing Level

Main Menu ► **Settings** ► **Display Settings** ► **View Blind**

► **Level** ► Select a level

- View Blind is set to **Level 1** by default.

Note

- Alternatively, **Main Menu** ► **Settings** ► **Display Settings** ► **View Blind** ► **Settings ON/OFF**
- View Blind cannot be activated: While calling; in View Blind Setting; while S! Appli is active; while TV is active
- When activating S! Appli/TV, View Blind is temporarily canceled. After terminating/suspending S! Appli/TV, View Blind reactivates.

My Number

Confirm handset phone number in **Account Details** (➔ P.4-13). Also confirm data saved in **Account Details**: name, mail address, etc.

- 1 In Standby,  → 

Account Details appears.
