Calling

Emergency Calls

Your location is automatically reported to the corresponding agency (police, etc.) when you place emergency calls (110, 119 or 118) with SoftBank 3G handsets. (Emergency Location Report)
831SH s reports Location Information based on positioning signals from radio stations.

- Registration/transmission fees do not apply.
- Positioning accuracy is affected by location/signal conditions. Always provide your location and purpose on the phone.
- Location Information is not reported when emergency calls are placed without Caller ID (such as when the number is prefixed with *184*). However, the corresponding agency may obtain your Location Information in a life threatening situation.
- Location Information is not reported during international roaming.

Handset Restrictions & Emergency Calls

Emergency calls are possible even while some handset restrictions are active.

Active Restriction	Emergency Calls
Max Cost	Possible

Calling

Placing Calls while Abroad

See below to place a call to Japan from abroad. Apply for Global Roaming beforehand. See SoftBank Mobile Website for details: http://mb.softbank.jp/en/global_services/ Access roaming area/rate information or print it out to carry with you while traveling abroad.

1 **Enter phone number with area code ➡ [*]**

2 *Int'l Call* ➡ ● ➡ 日本(JPN) ➡ ● ➡ [↰]

● Handset dials the number.

3 [📞] ➡ **Call ends**

Calling SoftBank Handsets
● In 2, always select 日本(JPN).
Calling Landlines & Mobiles within the Same Country
● Perform steps in "Placing a Voice Call" on **P.3-3**.
Calls Overseas
● Calling may not be possible outside Japan. Connections depend on available network, signal strength, and handset settings.

Answer Phone

Record caller messages on handset. Answer Phone cannot be used when handset is off or out-of-range. Use Voicemail to record caller messages when Answer Phone is not available.

1 [戻る] **(Long)**
● Answer Phone is set ([📧] appears).

Receiving a Call

Cannot use Answer Phone or Caller Voice

● Answer Phone and Caller Voice are disabled when less than 12 seconds remain or 20 messages are recorded. Delete messages.
● Answer Phone and Caller Voice are not available for Video Calls.

Placing a Call

Cannot place call via Speed Dial

● Speed Dial is not available when Phone Book access is restricted by Application Lock.

Cannot place call

● If 🖼 appears, cancel Keypad Lock.
● If 🔒 appears, cancel Function Lock.
● If 🈚 appears, cancel Offline Mode.

Call won't connect and there's a beeping tone

● Did you include the area code or the first *0*? Dial the number including the area code or *0*.
● Handset may be out-of-range (out appears). Move to a place where signal is strong and retry.

During a Call

Outgoing Image is distorted during Video Calls

● Rapid motion can make images appear choppy or distorted.

Conversation is hampered

● Conversations may be hampered by ambient noise.
● Check Earpiece Volume when using Loudspeaker. Increasing Earpiece Volume may cause feedback/ interference.

Call is choppy or cut off

● Network signal may be weak. Move to a place where signal is strong and retry.
● Battery may need to be charged or replaced. Charge battery or install a charged battery.

Clicking noise is heard during call

● Handset may be moving into another service area. Noise is heard when Network signal switches. This is normal.

Cannot hear other party's voice

● Earpiece Volume may be low. Increase Earpiece Volume (**P.3-3**).

Other

Call Time (in *Dialed Calls* or *Received Calls*) seems incorrect

● Ring time for incoming or outgoing calls is not counted. (On hold time is counted.)

Cannot save phone number for Call Forwarding

● Does the number start with *1*, *00*, *0120* or *0990*? Public service numbers, international call numbers starting with 00, toll-free numbers and fee-based service numbers cannot be saved.
